HOW TO USE THESE CARDS

The ARE 5 in a Flash cards are organized by the six divisions of the Architect Registration Exam 5. These practice-based divisions track a project as it moves through the phases of an AIA basic services contract.

Use this versatile card set either front-to-back or back-to-front to trigger your memory and recall. Quick recognition of key concepts is the goal. Quiz yourself or team up with others for interactive learning at work or school. ARE 5 in a Flash is ideally used in conjunction with the ARE 5 Review Manual.
